PROFILE

A motivated Biomedical Technology undergraduate at a Sri Lankan state university, with hands-on industrial training experience at Nawaloka Institute of Health Care (Pvt) Ltd. Skilled in biomedical electronics, medical device maintenance, Arduino-based EMG projects, noise reduction techniques, and medical image processing. Combines strong technical knowledge in programming, web technologies, and electronics repair with a passion for healthcare innovation and practical solutions to improve patient care. Dedicated to continuous learning, contributing to medical technology advancements, and applying skills to real-world biomedical challenges.
